*1 Conformant means smelters and refiners that have successfully completed an assessment against the applicable RMAP standard or an equivalent cross-recognized assessment.

Active means smelters and refiners that have committed to undergo an RMAP assessment, completed the relevant documents, and scheduled the on-site assessment.

These may be in the pre-assessment, assessment, or corrective-action phases of the assessment. "-" means smelters and refiners that are not in the list of conformant or active smelters/refiners.

*2 Unknown means that RMI does not disclose information about the country of smelters and refiners.
